ABOUT PRADDY

In a world where the industrial production tends to standardize and trivialize everything, **Praddy** achieves meticulous craftsmanship, excellence and production flexibility.

Praddy is a leading Portuguese furniture brand born and raised in a city with centuries of the richest history in handicraft and furniture manufacturing in Portugal. Inheriting the passion and know-how of many past generations, believing in the creativity of those who are yet to come, Praddy aims to extend and enhance this culture to worldwide recognition. Being the project area our core business, our main focus is to provide our professional customers with the best tools to achieve success. Our studio works full time to carry out projects and help ensure that the intended is achieved. Striving for excellence and quality has been our way from the first day, from our products to our services, we continually evaluate our work to grow properly. We place our heart and all our effort as a greater guarantee of dedication and commitment, embracing each project as a challenge in pursuit of excellence.

SONATA COLLECTION

Conducting the harmonious and vibrant art melody, characteristic of the different elements which compose a **Sonata**, we orchestrated this timeless collection in order to bring you the peace and comfort of this beautiful design symphony.

A **Sonata** is a type of musical composition, for a solo instrument or a small instrumental ensemble, that typically consists of two to four movements, each in a related key but with a unique musical character. It can be played by an orchestra where the composition of the different styles flows harmoniously in a symphony of sensations and emotions where all pieces fit together perfectly. A true masterpiece where elements such as Baton, the orchestra conductor, Soprano flute, a timeless music instrument in the woodwind family or Cello, a versatile string instrument characterized by its resonant wooden body, bond together creating the most beautiful and unique melody ever played. Our challenge was deconstructing these music instruments into contemporary pieces without being obvious or redundant. When sophistication meets organic shapes, materials, textures and colors, the result is a refined sense of style that adapts to different living spaces and interior design perspectives. Immerse yourself in a range of emotions where only the **Sonata Collection** can convey to you in an understated glamorous way.
